Easy sitting without straddling seat braces

Eight-legged, robotically-welded foundation keeps table firmly in place

Six nonmarring, neoprene casters for smooth, easy moving and straight-line tracking

12 YEAR
WARRANTY

Patented  LISTED

FEATURES

BIOFIT'S PATENTED TABLE DESIGN.

Oval tables turn a cafeteria into a food court, putting people together to improve interaction and reduce noise.

THE MOST SEATING. BioFit 10-seat oval tables compare to competitors' that seat only eight. That means seating 500 people with only 50 tables, not 63. You gain better use of space and have fewer tables to clean, move and store.

THE BIGGEST TABLE SURFACE. Compare BioFit's oval table surface with competitors' round tables. It's the largest - approximately 6 feet in diameter (61" x 72"), and spacious enough for 10 cafeteria trays.

THE EASIEST FOLDING AND MOVING. BioFit oval tables are easy for a single person to fold and move. Folding system has four torsion bars for easy operation. Table tracks in a straight line because of its six casters.

THE CLEANEST, TOUGHEST AND STRONGEST. From the 14-gauge steel frame robotically welded for uniform strength, to the nylon bushings that do not require lubricant, to the super-strong ABS plastic seats and double-strength seat braces, to the tough and tight Lotz Armor Edge®, these tables are made to stay clean and last.

12-YEAR WARRANTY. BioFit guarantees its tables for **12 years**.

System of four torsion bars, more than on any other table, enables easy table folding by a single person.

Spacious table surface accommodates 10 standard (10" x 14½") compartmental cafeteria trays with space between the trays.

Six nonmarring neoprene casters ensure that the table tracks in a straight line when moved by a single person.

Seats are solidly anchored to supports, with no holes or fasteners penetrating the top seat surfaces to collect food or bacteria.

Lotz Armor Edge® is strong, tight and sanitary, with no cracks or seams to trap food or bacteria.

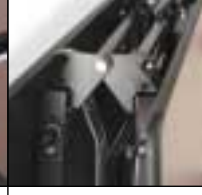

Table built to assure stability when in a folded position.

Protection against pinched fingers is provided by a recessed vertical hinge that assures sufficient opening between table halves.

Ship Now! Program

BioFit's Up-Front, Nothing-to-Hide Warranty

BioFit Engineered Products warrants all tables, to the original purchaser, to be free of defects in materials and workmanship for a period of **twelve years** from date of shipment, provided the owner pursues BioFit's recommended inspection and

maintenance program. We reserve the right to replace or recondition any units covered by this guarantee. Tables that are damaged or made unserviceable by abnormal use, accidents, abuse, negligence, etc., or are altered in any way, are not covered by this

guarantee. This guarantee is applicable to tables only and is not to be confused with guarantees provided on other products of BioFit manufacture.

All return shipments require prior written authorization, and must be freight prepaid unless otherwise approved in writing.

Ask your dealer or sales representative for details.
