

BUILDING FOR OUR CUSTOMERS' FUTURE & CREATING A CLEANER ENVIRONMENT

October 3, 2007

In July 2007, ELANTAS PDG, Inc. committed to making a significant capital investment in their St. Louis, MO plant to install a new world class blending facility. The initial work began on Tuesday, September 25th with the demolition of the existing structure to make way for the new building. In addition to providing improved technology, this facility will yield a cleaner environment by being fully MON/MACT compliant. Stay tuned as we bring you updates on our progress.

Step 1-Making Room for the New
